

## WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

## Extending Gas Mains

Five cars of pipe have arrived—Extending our street gas mains for reaching new consumers will commence next week and we would like to hear from those who want gas on their streets. If you have not signed for free service pipe extending 100 feet from curb into your premises, you had better do so before this offer is withdrawn.

Utah is going to adopt Domestic Science in the public schools and gas will be used for the demonstrations wherever it can be obtained. Miss Van Cott of Salt Lake, who conducted the cooking lectures, is a strong advocate of the gas range, because as she says, "The heat can be controlled perfectly," saying nothing of the comfort and labor saved. Try it and you will say so.

## G. A. R. COMMITTEE OF RECEPTION

W. M. Bastoph, Fred J. Kiesel, Oscar B. Madison and David McKay were appointed last night at a meeting of the local entertainment committee to represent Ogden City and Weber county on the general reception committee for the G. A. R. encampment which meets in Salt Lake next month. This action was taken at the request of the general committee at Salt Lake.

At the meeting of the local committee, which was held at the Weber club, a resolution was unanimously passed requesting the mayor, the local post of the G. A. R. and auxiliary societies, county commissioners, city council and citizens of Ogden generally to meet the headquarters train which will be occupied by Commander in Chief Nevius and the other officers of the G. A. R. when it reaches Ogden at 4 o'clock on the afternoon of August 7. The train will not remain in Ogden long, but it is desired to have as many people at the station as possible to show the officers of the G. A. R. that Ogden expects to take some part in their entertainment during the encampment and that the old veterans are welcome to Utah.

The canvassing committee, of which W. L. Russell is chairman, reported that arrangements have been made to feed 6,000 of the veterans who will visit Ogden, and 1,500 beds have been provided at an average price of 50 cents each.

The committee then entered into a general discussion of the plans to care for the visitors who come to Ogden. It was decided to ask the various churches of the city to provide meals for the veterans on certain days of the encampment. The matter of arranging for reception halls for the visitors was also discussed, as was the contemplated purchase of a silk banner for the Dixie-Logan post. Better rates than those offered by the railroad companies for transporting the veterans to and from Salt Lake to Ogden was the subject for much discussion, it being the opinion of the members of the committee that the rate of \$1.10 already offered by the railroads was unfair as a better rate can be obtained on Sundays and holidays.

A number of other matters regarding the matter of entertainment were discussed and laid over until the meeting of the committee next week.

## JUDGE SAXEY VISITING IN CITY WITH HIS SONS

Judge Alfred Saxey of Spanish Fork is in the city for a few days' visit with his sons, Alfred, Jr., and Carl, who are residents of Ogden. They are connected with the United States Mail service.

Judge Saxey is one of the old settlers of this state, and is a veteran of the civil war. He has played a prominent part in the political affairs of Utah county during the last twenty-five years, being a staunch Republican and an administration man of pronounced proclivities.

The old soldiers is meeting with many of his comrades here in the city, and if there is any one thing in which the judge prides himself above all others, it is in the fact that he is one of the old fighters that helped save the nation from dissolution. To a representative of the Examiner he stated last evening:

"Our big time is coming next month, when all our fighters of the early school will get together in Salt Lake and shake hands again in a glad reunion. We boys were fighters, you may depend upon that, and the other fellows were fighters, too, don't forget that feature. We are friends now, but don't forget that it was the veterans of the civil war, the men you of Ogden and all Utah are to honor in the early part of next month, who laid down their lives to save the nation from disintegration. Ogden is all right; the people here have always treated the Grand Army boys very well, and is very likely that the city will have plenty of them here during the encampment. I came through here in the year 1894, when the encampment was held in California. There are others of the G. A. R. in the company that stopped off in Ogden, and we shall never forget the kind treatment given us. Yes, you may depend upon it that many of the old fighters will come to the gate city for a visit."

OREGON SHORT LINE EXCURSION to Saltair, July 29th; \$1.25 round trip. Tickets good on all trains.

TAX LEVY IS FIXED FOR 1939.

Farmington, July 23.—The county commissioners met in regular session Monday at the court house.

A communication from the Lagoon road relative to the placing of electric poles upon the highway of the county was read and ordered filed. The commissioners had complained because the railway company had placed poles in the streets, violating the ordinance providing for the placing of telegraph, telephone and electric poles. E. A. Vail, for the Lagoon road, says the company will remove poles in the street and found to be violating the ordinance.

The matter of fixing the tax levy for the current year was brought up and discussed. It was ordered that the county tax levy be fixed at 2 1/2 mills and the county school at 2 1/2 mills. A special tax of 4 mills was levied on all sheep and goats assessed in 1939, and 2 mills on all horses and cattle, except those in incorporated cities and towns.

Road Commissioner Burnham was authorized and directed to purchase a suitable desk for his office.

Commissioner Randall was appointed a committee to wait on the Davis and Weber Counties Canal company and ascertain what the company intended to do regarding the payment of a bill for \$1,076.55 for costs of repairing the public highway in Weber canyon, which was alleged to have been damaged by the canal company.

The county clerk was authorized to purchase a Burroughs adding machine for use in the county offices.

It has been a long time since we met an old gentleman who wore a cabbage leaf in his hat to ward off sunstroke.

Trouble seems to have wireless connection with the fellow that is looking for it.

## TRAP SHOOTERS OF IDAHO ARE COMING

President W. H. Anderson of the Wasatch Gun club returned yesterday from an extended trip in the northwestern part of Idaho. He is now traveling in the interests of a cartridge company of the east, his duty being to meet with the users of firearms in the different parts of the country and give exhibitions in different parts of marksmanship. He states that the country he has visited is in a flourishing condition and is growing at a rapid pace. Were it not for the breaking of some of the canals of the big irrigation projects a few miles out from the Twin Falls country, which has caused a sort of drought and threatens the grain crop, a real boom would be in operation at this time. Fishing, he says, is fine in that section and he had the pleasure of landing a few of the speckled beauties.

The lovers of trap shooting, said Mr. Anderson last evening, in the state of Idaho are coming to Ogden in full force for the big shooting event that will take place at the Wasatch Gun club grounds on Thirty-fifth street on the eleventh, twelfth and thirteenth of August. He states that the sportsmen up in the Gem state are really enthusiastic over the prospects for the meeting and they are figuring on capturing enviable places when the test finally comes. The home lads will have to be up and doing if they beat the Idaho contingent.

The shoot will be known as the Utah-Idaho shooting contest for amateurs, but it means that professionals from all over the United States will be here to take part in the game. All the powder houses of the nation will have representatives here, as will also the cartridge and firearms dealers and manufacturers, so that, as Mr. Anderson stated, Ogden may look for the largest and most interesting trap shooting contest ever held in the city and the largest, of course, ever held in the state. This contest will add to the attractiveness of the Grand Army encampment gathering, the overflow of which will very likely spend their time in Ogden. The home club is making every possible preparation for the event and will have everything in readiness when the crack shots arrive.

## COMMITTEE WILL PASS UP QUESTION

That the investigating committee appointed by Governor Spry to hear the charges of incompetency and unfitness made against Superintendent H. H. Thomas of the State Industrial school several weeks ago by the Women's clubs of this city, intends to pass the question of whether or not the superintendent shall be removed up to the governor, is the report which came from Salt Lake yesterday after the committee had met and finally agreed upon its report.

This committee, which is acting without the other members, who are also members of the board of trustees of the State Industrial school, is composed of A. C. Nelson, state superintendent of public instruction; N. J. Harris, district attorney; Rabbi C. G. Freund and E. G. Gowans, judge of the Salt Lake juvenile court.

After the committee had decided upon what shall be contained in the report to the governor, the adjournment was taken without acquitting the public as to what conclusions had been reached. A copy of the report, with a transcript of the testimony taken at the investigation will be submitted to the governor early next week. It is understood that the committee will recommend the separation of boys and girls at the school, making two entirely separate schools, located in different cities of the state.

With hogs around the \$8 mark we are slow to insult the porker by comparing him to some men we know.

## Best Chance in Years for a Vacation East

DATES OF SALE  
July 23, 24, August 13, 14; September 10, 11.

On the above dates you can buy excursion tickets to the following eastern cities, and at Chicago or St. Louis buy daily 30 day round trip tickets at the lowest rates in years to New York, Boston, New Jersey, New England, Atlantic Coast and Canadian resorts. Omaha, Kansas City, \$40.00; Chicago, \$55.00; St. Louis, \$49.00; St. Paul, \$52.00; Peoria, \$51.10. Other eastern points in proportion.

DAILY LOW RATES

On other dates than those named above somewhat higher excursion rates with longer limits are in effect to principal eastern cities.

THE BURLINGTON'S THROUGH SERVICE

Every day through standard and tourist sleeping car service via scenic Colorado and Denver to the East. Personally conducted east-bound excursions frequently each week.

GO BURLINGTON

Take a Burlington folder, note the Burlington's eastbound service, three daily highest class trains Denver to Chicago, and two to St. Louis. The map shows the attractive and diverse routes possible if your ticket reads "Burlington." Burlington trains have the "On Time" habit. The Chicago-Denver Limited reached Denver on time 355 days during 1938. Let me help you.

## CITY RECORDER IS LAID TO REST

City Recorder Ernest P. Brown is at rest. Following one of the most impressive and largely attended funeral services ever held in the First ward meeting house, the remains were laid to final rest in the City cemetery yesterday afternoon at 4 o'clock. Gathered around the bier containing the remains of the popular city official a large concourse of relatives and friends was grouped, who came to pay a last tribute of respect to the dead. The meeting house was crowded to the doors and many were obliged to stand in the aisles and doors during the service. All the city officials, including the members of the city council and police department and fire department, with the local lodge of Modern Woodmen of America, of which deceased was a member, attended the service in a body.

Counselor Nathan Tanner conducted the services. The speakers were T. E. Browning, T. S. Browning, Bishop Ensign, B. H. Goddard, President C. F. Middleton, Roulon S. Wells and Benjamin Goddard. Each paid a high tribute to the many sterling qualities of the dead.

The ward choir, with members of the tabernacle choir, rendered the following musical numbers: "Rock of Ages" and "Shall We Meet Beyond the River." Solos were sung by Hagbert Anderson, "Only Remembered By What I Have Done," Walter Stevens, "O, My Father," Mark Brown, "Who Treads the Path of Duty."

As a mark of respect the flags on the city buildings were lowered to half mast during the day. The funeral cortege which followed the body to its last resting place was more than a half mile long. The members of the Fifty-third Quorum of Seventies, of which Mr. Brown was one of the seven presidents, officiated as pall bearers. A large number of out of town friends of the deceased from Logan, Salt Lake and other cities were in attendance. Brother Hall of Salt Lake dedicated the grave, the simple and impressive ritual of the Modern Woodmen being observed by the attending brothers of the lodge.

Floral tributes of many beautiful designs were laid on the casket and the grave by the relatives and friends.

TAKE A TRIP TO OGDEN CANYON, A MOST BEAUTIFUL RIDE.

Cars leave Union Depot at 6:20 a. m. and every 40 minutes thereafter until 11:00 a. m. and then every 20 minutes until 10:20 p. m. Last two cars leaving Hermitage at 11 p. m. and 11:40 p. m.

DAVE RICE DIES SUDDENLY AT THE BROOM HOTEL

Dave Rice, well known in this city, where he had been living for several years, died at the Broom hotel after several days' illness from some form of rheumatism similar to lumbago. Rice had been subject to similar attacks before the one which caused his death.

For some time the dead man had been employed at the St. Louis gambling hall and was well known among the sporting fraternity of Ogden. Rice was about sixty years of age and is survived by his wife, who also lives in Ogden.

OREGON SHORT LINE EXCURSION to Saltair, July 29th; \$1.25 round trip. Tickets good on all trains.

## DUN'S REVIEW

New York, July 23.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

"With the disturbing tariff question soon to be out of the way, and with crops that give promise of the satisfactory condition and an actual value of hundreds of millions of dollars in excess to previous accounts, business is increasing rapidly, although it is noticeable that enterprise is not yet outrunning conservation in buying for the distant future."

"Prices continue to advance in several branches of the iron and steel trade."

"Exports of cotton goods thus far this year are more than double those of last year."

"Tanners are more encouraged over the prospect for free hides in the tariff bill and are consequently more disposed to hold off from buying. Domestic hides, though quiet, are unchanged in price, and a further advance has been noted in foreign dry hides. Leather is quiet, owing to buyers holding off until they have secured more orders for shoes. Prices, however, are very strong and decreased receipts offset the diminished demand."

Trade in iron continues quiet and some of the factories report business in cutting rooms having enough to keep them fully employed."

BRADSTREETS

New York, July 23.—Bradstreet's morning will say:

"Improvements in the crops, easing in prices of breadstuffs consequent thereon or because of larger wheat crop movement, a good distribution at retail under the stimulus of clearances and a slight enlargement of fall trade with jobbers and wholesalers are the leading features this week. All pig iron markets report firm prices, but business is not active except in the east."

"Production of iron is still of record proportions."

"Business failures in the United States for the week ending July 22 were 239, against 266 last week, 263 in the like week of 1938, 155 in 1937, 171 in 1936, and 197 in 1935."

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; cases close out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
